## Professional Experience

**Developer** - Shyft Creative

2020 - Present

- See Websites Developed section

**Teachers Assistant** - LearningFuze

2020 - Present

- Assist in teaching LearningFuze students **JavaScript**, **React.js**, **jQuery**, **HTML5**, **CSS3** and **Bootstrap**
- Teach and explain coding best practices to students as well as providing encouragement and guidance with debugging
- Tutor and answer questions students have outside of class to clarify any difficult concepts or bugs that require attention

## Websites Developed / Maintained

### American Made Grills - [Live](#)

- Built multiple landing pages on this site using **Gatsby**, **React.js**, and **Bootstrap**. Most recently, this [subdomain](#)
- Developed by using **Schema** and **React** - making it a simple editing process to change or reuse the same template
- Created using a **Photoshop** document as template and edit / resize photos to work across multiple viewports
- Tested the **mobile responsiveness** and make sure it works across all breakpoints

### Summerset Grills Landing Page - [Live](#)

- Developed a form modal "5 Mistakes" that is built using **React-Bootstrap** and **GSAP** for **animations**
- Built with **Gatsby** / **React.js** as a dynamic component that is easily edited and is used across multiple projects

### Summerset Grills - [Live](#)

- **Shopify** website where I update product and collection templates, most recently the [Sizzler 2021](#) and [TRL collection](#) pages
- Resize assets using **Photoshop** to maintain consistency across all platforms and devices

### Proje Products - [Live](#)

- Added new products and updating the blog weekly on a **Shopify** site
- **Animated** the entire site using **GSAP** animations - most notably on the [home page](#) with scroll effects and menu hover effects
- Created radio buttons for each product variant and updated the variant to change the **product** photo
- Developed a video modal on the product page that animates on load and can utilize multiple different video sources, including YouTube, Vimeo, and a raw mp4 using **React**, **Bootstrap** and **GSAP**

### Shift Agency - [Live](#)

- Created **animations** site-wide to give it a more modern and snappy feel to the user experience

## Education

**LearningFuze** - Accelerated Web Development Program
